- C major: 032010
- G major: 023200

- F major: 201000
- Dm major: xx0231
- Am minor: 002210

There are two main picking techniques that are used in chord melody strumming:

- **Upstrokes:** Strumming the strings in an upward motion.
- **Downstrokes:** Strumming the strings in a downward motion.

You can use either upstrokes or downstrokes to play chord melody strumming arrangements. However, it is important to use a consistent picking pattern throughout the arrangement.

The following are some basic strumming patterns that you can use for chord melody strumming arrangements:

- **1-2-3-4:** Strum down on the 1, 2, 3, and 4 beats of the measure.
- **D-DU-DU:** Strum down on the 1 beat, up on the 2 beat, down on the 3 beat, and up on the 4 beat.
- **D-DUU-DUU:** Strum down on the 1 beat, up on the 2 and 3 beats, and down on the 4 beat.

You can experiment with different strumming patterns to find one that you like.

Now that you know some basic chords and strumming patterns, you can start creating your own chord melody strumming arrangements.

Here is a simple step-by-step guide:

1. **Choose a chord progression.** The chord progression is the sequence of chords that you will use to accompany the melody.
2. **Create a melody.** The melody is the main tune of the song. You can create your own melody or use a melody from a song that you already know.
3. **Combine chords and melody.** The next step is to combine the chords and melody into a chord melody strumming arrangement. Start by strumming the chords while singing or humming the melody. You can then add in embellishments, such as hammer-ons, pull-offs, and slides.

Here is an example of a simple chord melody strumming arrangement:

Chord Progression: C G Am F

Melody: C D E F G A G F E D C

Strumming Pattern: D-DU-DU

You can experiment with different chord progressions, melodies, and strumming patterns to create your own unique arrangements.

Here are a few tips for playing chord melody strumming arrangements:

- **Use a light touch.** When strumming chords, it is important to use a light touch. This will help you to avoid creating a muddy sound.

- **Pay attention to your timing.** It is important to strum the chords in time with the melody. This will help to keep the arrangement flowing smoothly.
- **Be creative.** Don't be afraid to experiment with different chord progressions, melodies, and strumming patterns. The more you experiment, the more you will learn and the better your arrangements will become.

Chord melody strumming is a great way to create beautiful and unique arrangements for solo ukulele. By following the tips in this article, you can learn how to create your own arrangements and start playing your favorite songs in a new way.
