The Field Guide to Dumb Birds of North America is a humorous and informative look at the silly and ridiculous behavior of our feathered friends. With over 100 hilarious photos and insightful text, this book is a must-have for any bird lover.

Here are just a few of the dumb birds you'll find in this book:

- **The American Robin:** This bird is known for its beautiful song, but it's also known for its dumb behavior. For example, the American Robin has been known to fly into windows, get caught in bird feeders, and even try to build its nest in a traffic light.
- **The House Sparrow:** This bird is one of the most common birds in North America, but it's also one of the dumbest. The House Sparrow has been known to eat its own eggs, get lost in its own backyard, and even fly into a wall.
- **The Northern Cardinal:** This bird is known for its beautiful red feathers, but it's also known for its dumb behavior. The Northern Cardinal has been known to fly into windows, get caught in bird feeders, and even try to build its nest in a tree branch that's too small.
- **The Blue Jay:** This bird is known for its beautiful blue feathers, but it's also known for its dumb behavior. The Blue Jay has been known to eat its own eggs, get lost in its own backyard, and even fly into a window.
- **The Mourning Dove:** This bird is known for its beautiful song, but it's also known for its dumb behavior. The Mourning Dove has been known to fly into windows, get caught in bird feeders, and even try to build its nest in a bush that's too small.

The Field Guide to Dumb Birds of North America is a fun and informative book that will make you laugh and learn at the same time. With over 100 hilarious photos and insightful text, this book is a must-have for any bird lover.
